

## Break the Yield Barrier with the Efficiency of Foliar Feeding

Foliar feeding is designed as a top-end management tool to target plants at growth stages when photosynthesis, root growth and nutrient absorption need an extra boost. Foliar fertilizers stimulate more vigorous seed production and maximize crop production. A successful foliar application requires products with a very low salt index, high solubility, low-biuret and high purity. Feast fertilizers exceed all these qualifications making our foliar feeding program highly effective to increase both quality and yield.

### Benefits of Feast Foliar Fertilizers:

- Boosts photosynthesis at essential growth stages
- Enhances growth and vigor of plants
- Non-corrosive to equipment

### Quality Performance

The premium raw materials in Feast are blended in an exclusive hot mix process that produces a homogenized, clear liquid fertilizer that is stable at temperature extremes, non-corrosive, low in salt and impurities, near neutral in pH and highly recoverable to the plant. Feast foliar fertilizers are available in popular formulas including: 9-18-9, 3-18-18 and Feast XL. Fortify your foliar fertilizers with Side-Kick.

### Product Characteristics:

- Thirty years of consistent research and field-proven results
- Non-corrosive to equipment
- Effective at low application rates

### Performance Characteristics:

- Low burn potential
- Compatible with most pesticides
- Enhances yield and quality
- Low volatility

# Feast® Foliar Fertilizers

## Research Tested

The Conklin Company has tested the performance of Feast liquid fertilizer on corn, wheat, soybeans, alfalfa, milo, cotton and other crops for over 30 years. Independent trials and company-sponsored regional and national test plots have shown Feast to consistently outperform competitive fertilizer programs.

## 9-18-9

- #7161 55 gallon drum
- #7190 250 gallon mini-bulk
- #7112 Bulk

## 3-18-18

- #7270 Single 2½ gallon
- #7278 5 gallon (in 2½ gallon containers)
- #7260 55 gallon drum
- #7300 250 gallon mini-bulk
- #7211 Bulk

## Feast XL 26-0-0 w/0.5B

Specially formulated for foliar feeding with Triazone®

- #54593 5 gallon (in 2½ gallon containers)
- #54601 55 gallon drum
- #54590 250 gallon mini-bulk
- #8459 Bulk

## Side-Kick 0-0-25 w/17S

Fortify your liquid starter foliar and side-dress mixes

- #38695 Single 2½ gallon
- #38690 5 gallon (in two 2½ gallon containers)
- #38711 55 gallon drum
- #38750 220 gallon mini-bulk
- #38717 Bulk

*"I've worked with high-yield growers who have had great success foliar feeding to increase yields and to overcome environmental stresses like sudden temperature changes and water logged soils. Feast fertilizers are high quality and I've proven the benefits on many acres of corn and soybeans."*

– Mick Maassen, Iowa
